

## ***AP Physics 2 Summer HW Timeline***

I'm excited that you've chosen to take AP Physics 2, and I'm looking forward to working with you over the next year. The AP curriculum moves quickly, and we'll be covering a lot of material over a wide range of topics. Some of you will have recently completed AP Physics 1, while others may not have taken a formal physics class in the past year. The summer homework assignment is meant to provide a brief overview of the types of skills you'll be utilizing over the next year, as well as to refresh your memories of some of the key concepts we'll be using a lot. Since it is your summer vacation, there are very few firm deadlines for the summer assignment. I encourage you to budget your time as best fits your schedule. However, I highly recommend that you start on the HW well before the end of August. The timeline below provides some guidelines for completing the assignments at a leisurely pace.

You will be submitting electronic documents using Google Classroom both over the summer, and throughout the next school year. Your first assignment is to sign into Google Classroom. Your first homework assignment, a letter of introduction should be submitted using the Google Classroom interface.

Electronic copies of all assignments will be available through Google Classroom over the summer. Please pick up a paper copy of the HW assignment from Ms. Ota (Room E212) before you leave for the summer, and feel free to stop by or e-mail me if you have any questions. My e-mail is: [stephanie.ota@orecity.k12.or.us](mailto:stephanie.ota@orecity.k12.or.us)

Although I won't be checking my e-mail daily over the summer, I will do my best to respond to any e-mails within a week of receiving them.

<b><i>Due Date</i></b>	<b><i>Assignment</i></b>	<b><i>To be working on...</i></b>
<b><i>Friday, June 15</i></b>	<b>Join AP Physics 2 on Google Classroom.</b> <ul style="list-style-type: none"> <li>• Go to: <a href="https://classroom.google.com">classroom.google.com</a></li> <li>• Sign-in using your OCHS student e-mail account</li> <li>• Join our class using the class code <b>41ua6gk</b></li> </ul>	Question #1: Posted on Google Classroom
<b><i>Monday, June 18</i></b>	<b>Reply to Question on Google Classroom</b>	Letter of Introduction
<b><i>Monday, July 2</i></b>	<b>"Letter of Introduction"</b> Submit through Google Classroom.	<i>Physics &amp; Math Skills &amp; Content Review</i>
<b><i>Monday, July 30</i></b>	<i>Nothing is due to be turned in at this point, but you should have completed about half of the Physics Skills and Math Content Review</i>	<i>Continue with the Physics &amp; Math Skills &amp; Content Review</i>
<b><i>Friday, August 17</i></b>	<i>You should be starting on part 3 of the HW, graphing &amp; linearizing data.</i>	<i>Graphing &amp; Linearizing Data</i>
<b><i>Friday, August 31</i></b>	Summer HW should be complete and ready to turn in on the first day of classes.
