Turn over for Forecasting Instructions

FORECASTING INSTRUCTIONS & INFORMATION

Forecasting sheets are due Wednesday, March 8th, 2017

The Curriculum Handbook, Forecast sheet, and instructional video are available at:

www.ochspioneers.org/counseling/forecasting

Please follow these instructions carefully and make sure you forecast for the appropriate classes to meet your graduation requirements and to prepare you for your post-high school plans.

1. Make sure you have a Curriculum Handbook, Graduation Requirement Profile Sheet, and online forecasting instructions.
2. Your Curriculum Handbook (pg. 5-12) and profile sheet will be helpful for course planning.
3. Check pre-requisites and courses that require teacher recommendation. If you forecast for a class in which you do not meet the pre-requisites or do not have required signatures you will **NOT** be placed in the class.
4. Obtain teachers, parent and advisory teacher signatures where required before returning your forecast sheet to your advisory teacher.
5. Carefully choose **6** alternate elective classes in case a first choice elective is unavailable.
 - Some elective classes may not be taught due to under-enrollment; others will have more students sign up than space available; and others may not fit into a student's schedule due to a conflict.
 - If you do not provide sufficient alternate electives, you will be scheduled into an open class that you did not choose.
6. **Students should be extremely careful when choosing classes, even the alternatives classes, because class changes will not be allowed unless there is an error/conflict.**
7. Forecasting help will be available during lunch March 2nd- March 7th in the Front Lobby.
8. Forecast sheets must be completed **before** advisory class on Wednesday, March 8th.
9. Online Forecasting will be completed **during** advisory on Wednesday, March 8th.

Students who do not turn in a forecast sheet will have a sheet completed for them by their counselor.
