

Oregon City High School COLLEGE AND CAREER CENTER

Happy November!

In the state of Oregon, November has been officially declared as College Application Month! Many colleges have Early Action Deadlines in November in addition to their regular admission deadlines in January or February.

If students need help with college applications, please encourage them to talk to their counselor or visit the College and Career Center.

It is also the time of the year when many scholarships open. The OSAC scholarships for Oregon students opens on November 1st. The OCHS scholarships open on December 1st. There are also several new scholarships that are posted in the Counseling Department every month.

Scholarships are a great way to help keep the cost of attending college affordable. Effort put into applying for scholarships may be the deciding factor for being able to afford your first choice school.

November is College Application Month!

College Application Week
at OCHS is

Nov 5th - 9th

Sign-up today in the
Counseling Department.

College Credit in High School vs. Oregon Promise

Questions have come up over the past two years about the benefits of students earning college credits while using the Oregon Promise. Students who earn college credit while in high school are still eligible for Oregon Promise as long as they have not already earned 90 college credits.

All of the following types of credits count toward the Oregon Promise 90 credit limit.

- College credits taken while in high school or as part of a high school completion program
- College credits taken during the summer
- College credits taken at another college/university while dual-enrolled at community college
- College credits for withdrawn or failed courses
- Advanced Placement (AP) or International Baccalaureate (IB) credits transcript-ed by a college
- Any other attempted or completed credit prior to and as an Oregon Promise recipient

College credit earned while in high school and through Oregon Promise can benefit students, helping them save time and money. Taking college credit classes in high school that apply toward a certificate or degree will allow students to take additional courses after high school with Oregon Promise funding and will save time in college by not repeating course material already learned, ultimately accelerating the student's path to a degree or certificate completion.

Have questions? Ask your counselor or college and career center for help.

**Oregon Promise is Open!
Apply today!**

OregonStudentAid.gov

Oregon Promise is a state grant that helps cover tuition at ANY Oregon community college for recent high school graduates.

In order to receive Oregon Promise, students must complete their FAFSA or ORSAA.
